

Calcolo con i disegni (soluzione)

$$\begin{aligned}
 & \text{Aereo} + \text{Aereo} + \text{Aereo} = 30 \\
 & \text{Aereo} + \text{Elicottero} + \text{Elicottero} = 18 \\
 & \text{Elicottero} - \text{Elicottero} = 2
 \end{aligned}$$

A)

$$\text{Aereo} + \text{Elicottero} + \text{Elicottero} = \boxed{16}$$

B)

$$\text{Aereo} - \text{Elicottero} = \boxed{8}$$

C)

$$\text{Aereo} \times \text{Elicottero} = \boxed{40}$$

D)

$$\text{Elicottero} \times \text{Aereo} + \text{Elicottero} = \boxed{24}$$

E)

$$\text{Aereo} = \text{Elicottero} + \text{Elicottero} = \boxed{9}$$
